### JAPAN INDUSTRIAL SAFETY AND HEALTH ASSOCIATION 50<sup>th</sup> ANNIVERSARY CONGRATULATORY MESSAGE

I am indeed very much honored to have an opportunity to share the joy and happiness on this memorable occasion of the 50<sup>th</sup> Anniversary of the Japan Industrial Safety and Health Association (JISHA).

JISHA has become a Member of the Asia Pacific Occupational Safety and Health Organization (APOSHO) since 1986 and for two consecutive years in 1988 and 1989, had hosted APOSHO Annual Meetings in Japan.

Over the past years JISHA has been offering a considerable series of professional Occupational Safety and Health training and education programs to the counterpart organizations in the Asian Pacific region, and a well majority of them are Members of APOSHO. This valuable provision has served not only to uplift the knowledge of the trainees, but also under a consequential effect to benefit the community at large in the respective districts.

It is undoubtedly that the development of JISHA over half a century has been enormous and extremely successful. APOSHO is indeed very much honored of having JISHA as one of our prestigious members and their contribution and participation in fostering the well being of APOSHO is highly commendable. With an ultimate goal of promoting Occupational Safety and Health in the Asian Pacific region, there are many challenges ahead of us. And I hope that APOSHO and JISHA can join hands together to achieve a fine continuity and eventually to attain a brilliant accomplishment.

During this precious moment of 50<sup>th</sup> Anniversary, I wish JISHA a brightest and a most successful future.

Chi-Ming Law

Secretary General of APOSHO
