

The image features a white background with the text "Country Report" in a dark blue, serif font centered in the middle. Surrounding the text are ten green, five-pointed stars scattered across the page. On the left and right sides, there are abstract, overlapping green shapes with a fine, grid-like texture, creating a modern, geometric design.

# Country Report

**Name** : **Maysoon Ali Ahmed**

**Country** : **Iraq**

**Occupational safety & health department  
in Kerkuk**

Experiences  
year : 12

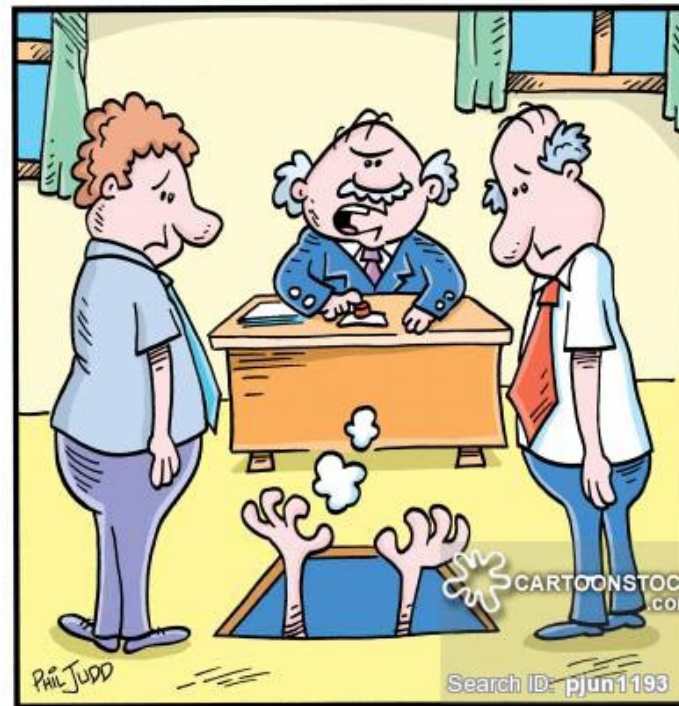

# NO EXACT STATISTIC

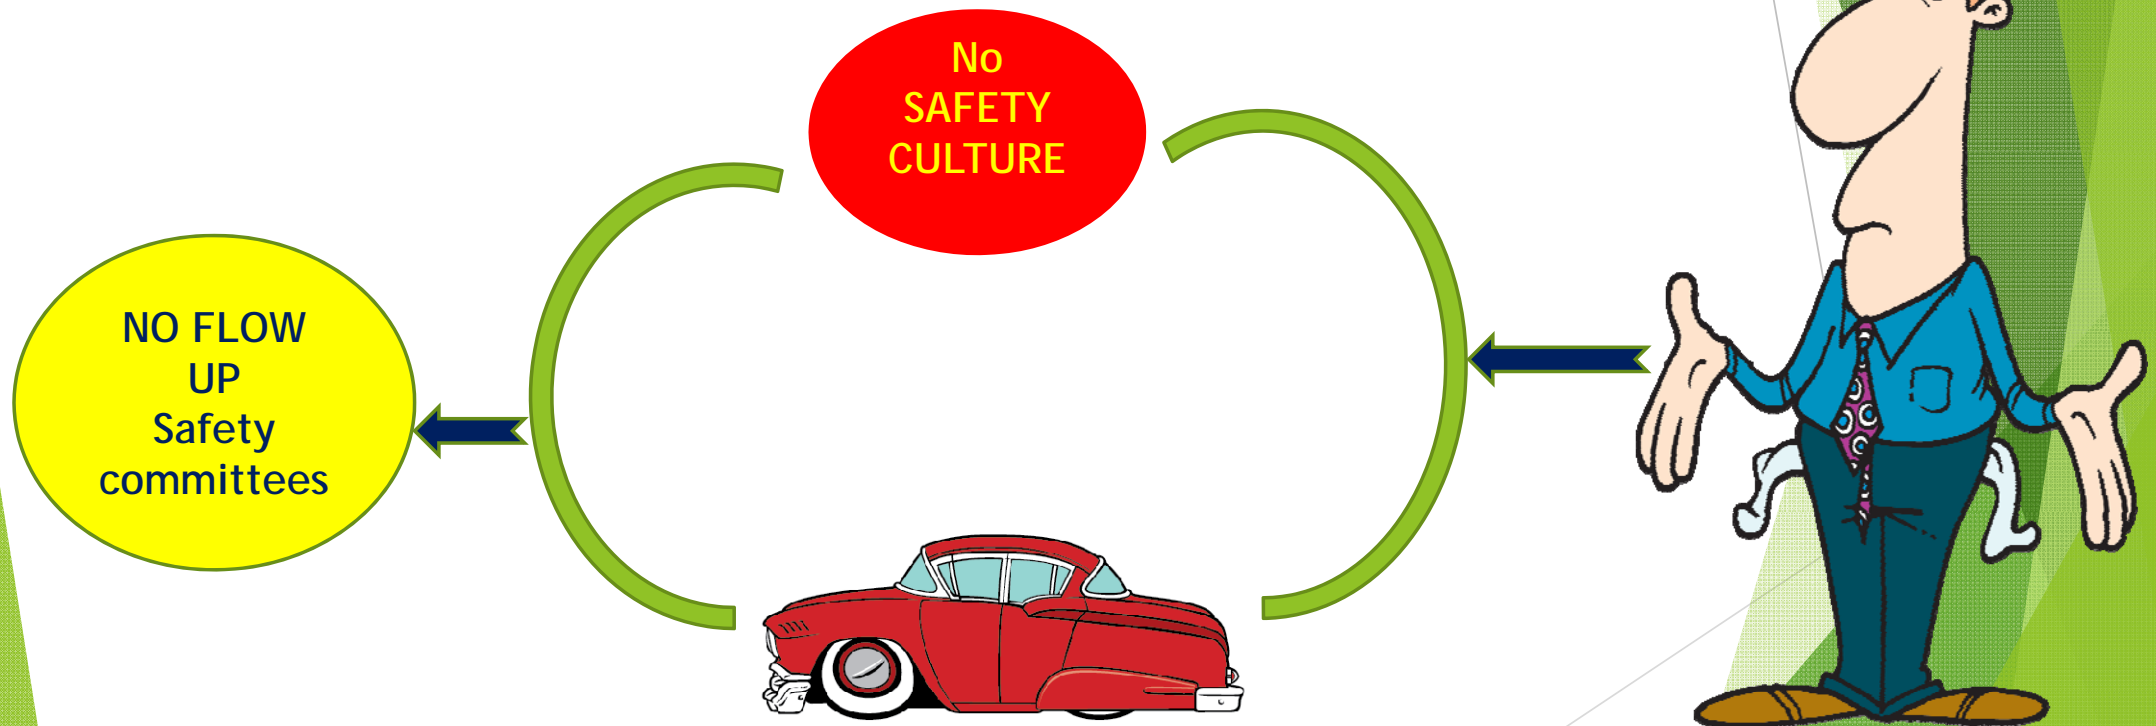

\* The weakness of OSH culture among most employers

\* fear from the consequences legal

"Does anyone else have any complaints?"

\*

NO OSH Law

WE FOLLOW LABOR LAW NO.37- 2015

## International conventions ratified by Iraq

- ▶ C013 -white lead ( painting ) 1921
- ▶ C115 - radiation protection 1960

- 
- ▶ C 119 Guarding of Machinery protection 1963 .
  - ▶ C 120 Hygiene commerce & offices 164 .
  - ▶ C 136 Benzene convention 1971 .
  - ▶ C 139 occupational cancer 1974.

- ▶ C 148 working environment ( Air pollution , Noise and Vibration ) 1977 .
- ▶ C 167 safety and health in construction 1988 .
- ▶ C 172 working conditions ( Hotels & Rusturants ) 1991

## Arab Labour Organization conventions ratified by Iraq

- ▶ C 3 the minimum level to Social Insurance convention 1971 .
- ▶ C 7 occupational safety health convention 1977 .
- ▶ C 13 environment work convention 1981 .

## Workers' accident compensation insurance

- ▶ **Medical Committee in the Ministry of Health**  
Classified injury as a result of work or without,  
It was decided worker entitlement to  
compensation Or estimate the proportion of the  
deficit , And inclusion in retirement

## Safety of equipment and facilities

- ▶ to ensure the safety of dangerous equipment, machinery, such as lifts, cranes and steam boilers by examining certificates proving its suitability for the work by the authorized sides

## Training/ Education programs

- ▶ We have an education programme by central plan which to fit the needed of kurkuk Governorate in the futur required support

## Campaign/ Event/ National Convention/ Exhibition

- ▶ we give seminar on safety conditions at work sites and how prevent accidents and work-related injuries and Occupational Health and Safety Day celebration on April 28 of each year through the distribution of awareness poster , folders .

## An obstacle to promoting OSH

1. Not to activate the Occupational Health and Safety Act
2. there is no building for oshk but we have only 2 rooms as part of occupational training center
3. there is no necessary equipment for measuring chemical contaminants

- 
4. the medical examinations and laboratory is limited.
  5. training staff who work in oshk is poor .
  6. no means of Awareness and training .
  7. no transport means .

- 
- ▶ We havent any support sides only safety commit in industrial government projects but this not found in privte sector .

my suggestion of three main countermeasures for the above problems.

- ▶ We need to support the government , Governorate and humanitarian organizations for performance of our humanitarian mission.
- ▶ Training staff who work in oshk in principles of osh .

- 
- ▶ **Publication culture of safety among workers, employers and support department to complete the humanitarian mission .**
